**Do you want greater visibility among Seattle's Asian-Pacific Islander community?
Looking for a way to support local nonprofits while also promoting your business?**

The *International Examiner* is offering an opportunity to support local nonprofits through our **Nonprofit Ad Space Matching** program.

With Nonprofit Ad Space Matching, businesses and organizations that purchase an ad at full price may select a nonprofit they wish to benefit. We'll match the size, providing your selected nonprofit with equal space in our newspaper for either an ad or a column.* This gives the nonprofit a chance to get the word out about their services and events to more than 20,000 readers, without spending a cent on ad space.

To take advantage of this opportunity, just let us know when coordinating your ad purchase that you would like to participate in Nonprofit Ad Space Matching. We'll work with the nonprofit you wish to benefit, helping them maximize their outreach.

*Nonprofit is responsible for providing its own artwork or content for matched space. Ad design can be provided at an additional cost.
